With the final tournament of the year completed, it was now the task of the new committee to move forward, with a plan that was really challenging.

Our Golf Course is an exciting 9 hole golf course, played around twice from different tee boxes. So we brainstormed around during our first meet, and concluded that we should take PGC Golf Course, a step further in the Golfing Fraternity of Karnataka.

Our planned improvements are as follows :

- a) To improve the Fairways & Greens, and add as many holes to the existing 9, and convert our course to a 18 hole golf course. This would be done with proper consultancy.
- b) To have Floodlit Golf. This would require lighting for holes 1, 2, 3, 5 & 9. Again expert advice would be sought before commissioning.
- c) To have a Swimming Pool adjacent to the clubhouse, approximately 40 feet long and 20 feet wide. This would really be, "The Place" for a tired golfer and his family to relax.

We assure you, that this Golf Course will change the Eagles Eye View of Mangalore, and also enhance the use of the golf course late evenings for Doctors, Engineers & Businessmen, after working hours.
